“The sun become metal,
light become matter,
intellect become mosaic.”

Gold is the value of the idea.
A tangible metal that we measure
by intangible value.

“El sol hecho metal,
la luz hecha materia,
el intelecto hecho mosaico.”

El oro es el valor de la idea.
Un metal tangible que medimos
con un valor intangible.

« Le soleil crée le métal,
la lumière crée matière,
l'intellect crée la mosaïque ».

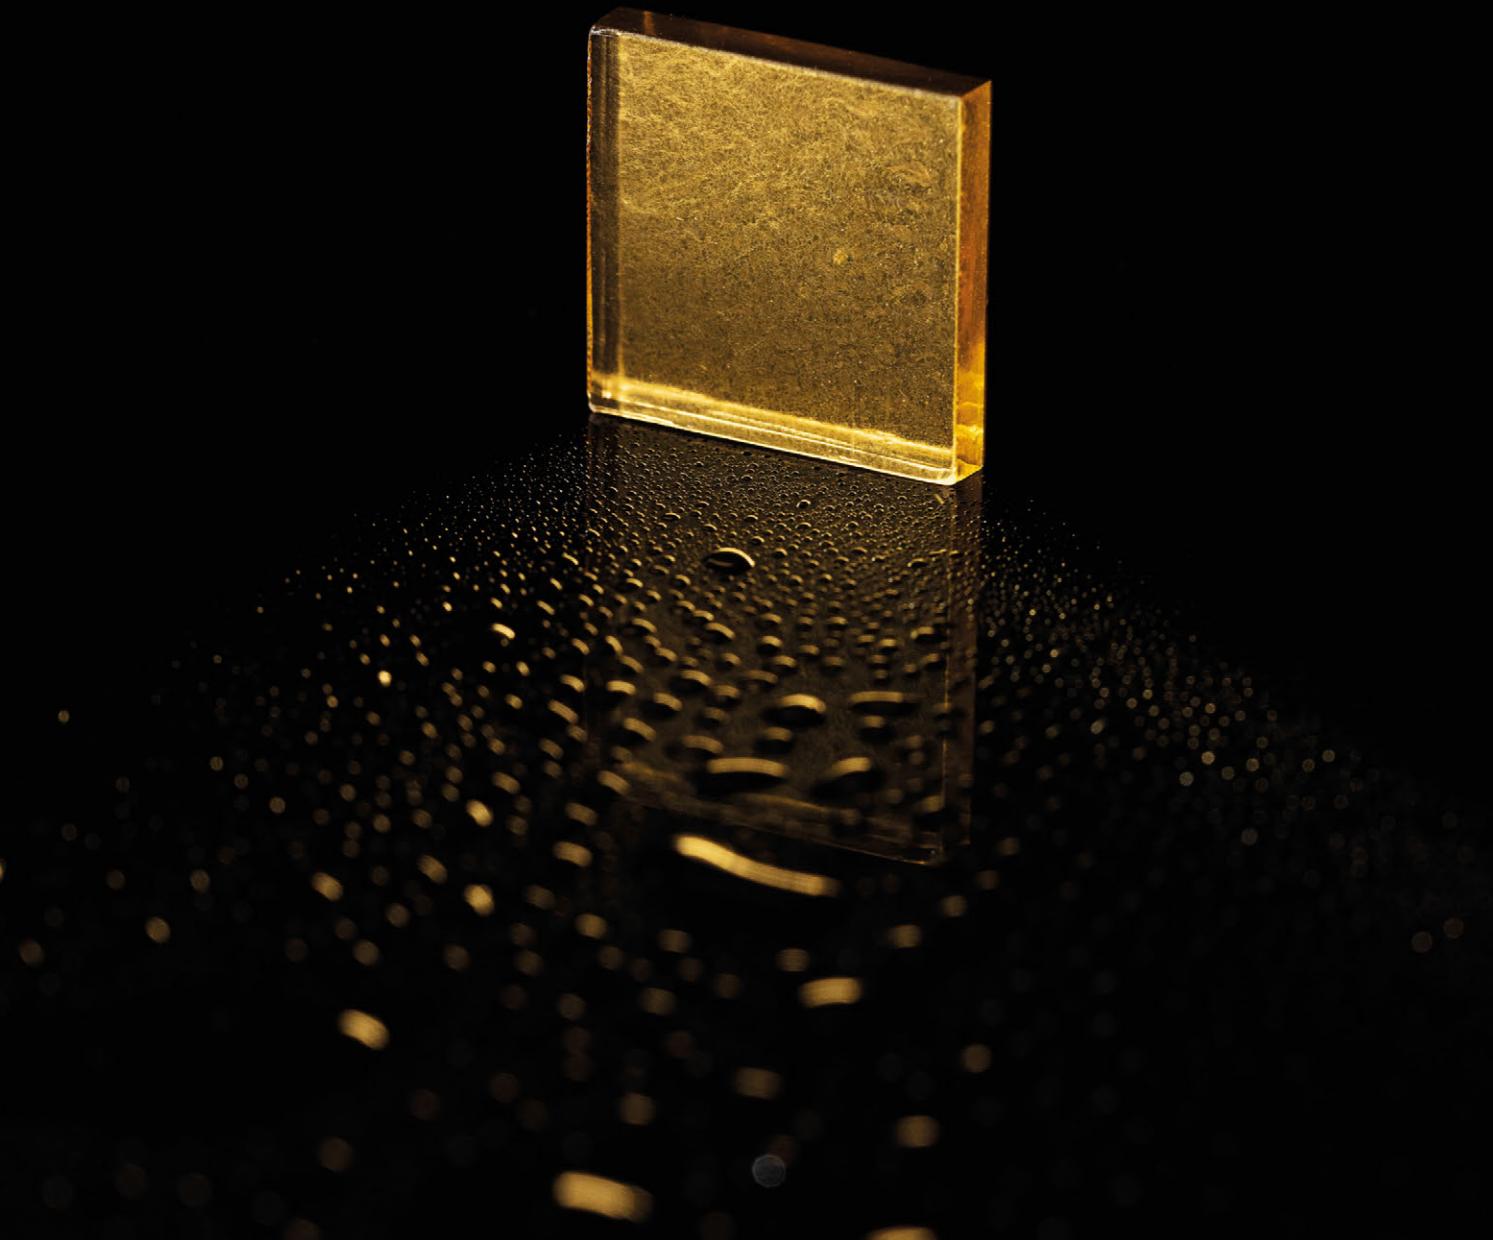

L'or est la valeur de l'idée.
Un métal tangible que nous mesurons
avec une valeur intangible.
